WELCOME TO THE 2026 MEMBERSHIP DIRECTORY & RESOURCE GUIDE

The Forward Janesville Membership Directory and Resource Guide provides you with tools to help you connect with businesses focused on growth in 2026.

Forward Janesville has played a vital role in our community since 1918, when it was originally formed as the Commercial Club of Wisconsin. It later became the Greater Janesville Chamber of Commerce and, in 1991, was renamed Forward Janesville. That’s over 108 years of strong community engagement!

In 2025, we experienced tremendous growth, reaching 615 members. This means each of our business members has new opportunities to grow and thrive through connections. We look forward to more opportunities for all business in the year ahead.

5 Simple Ways to Get More Value from this Directory:

1. New Employees

The directory includes valuable information about the Janesville community, which can be shared with prospective employees. It also provides resources on local providers for home improvement, medical services, business development support, and more!

2. Identify Relevant Contacts

Use the directory to locate individuals who align with your goals, interests, or industry. You can filter for professionals with expertise in areas you’re looking to explore, such as mentors, peers, potential collaborators, or even customers.

3. Networking Events

When planning to attend a networking event, review the directory and reach out to two or three contacts you’d like to meet there. Use the opportunity to start a collaboration and create new business opportunities.

4. Referrals

Nothing replaces the value of human connection. Use the directory to send personalized letters of introduction and notes of thanks to new and existing contacts. If you're looking to expand your network, consider seeking referrals from others to grow your business.

5. Attract New Business

When companies are looking to expand, they want to learn about the community. Does this community support new businesses? Do you have a strong school system? Is the community safe? Forward Janesville tracks these metrics and more in our Community Dashboard. Please refer to the dashboard and share it with your business associates.

Together, we are moving Janesville forward, and we are excited to see what’s next for our community.

THANK YOU for supporting these businesses!

NOTE: This information was collected from various primary and secondary sources during spring-summer 2023 and partially updated by FJ in Jan. 2026 from primary and secondary sources. These numbers were accurate at the time of print but are subject to change.

Employee counts are plus or minus (+/-); and potentially include part-time and full-time equivalent figures.

Growth By Numbers

Business Retention & Expansion Survey highlights momentum, reveals top challenges in sustaining it

This past year, Forward Janesville met with dozens of local employers to understand what they're experiencing on the ground—what's working, where they're growing, and what challenges they're facing. We formalized that effort by launching our first-ever Business Retention & Expansion (BRE) Survey, a structured look at the health of our business community.

Fifty employers participated, representing more than 11,000 workers across Rock County. Their responses offer a data-driven snapshot of Janesville's economic climate—and a clearer sense of what lies ahead.

THE RESULTS WERE STRIKING:

**RATED
JANESVILLE'S
BUSINESS
ENVIRONMENT
POSITIVELY**

**SAID THE CITY
ENABLES THEM
TO GROW**

**EXPECT TO ADD
EMPLOYEES
THIS YEAR**

**PLAN TO
EXPAND WITHIN
THE NEXT TWO
YEARS**

This feedback doesn't just confirm that momentum is building. It also highlights the areas where employers need the community to focus—particularly housing availability, workforce readiness, and the pipelines that connect young people to local careers.

The full report dives deeper into those trends and provides insights that shape Forward Janesville's work with local government, educators, developers, and employers of every size.

What follows in the feature story reflects not only the numbers—but the voices behind them. Local leaders, employers, and developers share why Janesville is growing, what keeps them here, and what we must address to keep that momentum moving forward.

Together, the data and the stories point to the same conclusion: Janesville's future is taking shape—and the work we do today will determine how far that growth can go.
